

Now's the time to take  
your AccountRight online

# MYOB online accounting makes business life seriously easier

We'll even convert your desktop accounting file to an online file, free of charge.

## **Access accurate real-time data from anywhere**

Share real-time business information with your team or advisor regardless of your location. There are no limits on how many people you work with. You control what data they see.

## **Automate key parts of your bookkeeping**

Link your bank account and save up to 10 hours of data entry each month. Save supplier bills in your accounts to reduce paper filing.

## **Always up to date**

Fast and easy updates are delivered directly to your software to ensure you stay up to date with your obligations to the Tax Office.

## **Flexibility to do the accounts off or online**

Working with limited Internet connectivity? Checkout your accounts and work on your desktop until your connection is stronger. Automatic syncing occurs when you check back in online.

Moving to the online version of MYOB AccountRight is easy. Call your Partner Manager or **1300 555 117** and we'll convert your existing file(s) free of charge.

# Spend less time on bookwork

## Reduce the time it takes to complete payroll

Pay unlimited employee super contributions that are compliant with SuperStream quickly and easily without leaving your software. Available in AccountRight Plus and Premier.

## Add-on apps

Easily extend MYOB software with custom apps tailored to your business and industry. Options include apps to manage your debtors, POS, CRM and more.

## Secure online backups

Work knowing that your business information is safe, secure and saved automatically in the cloud multiple times a day. You can also save a back up copy to your local device.

## No upfront cost

An AccountRight monthly subscription includes ongoing product and compliance updates, as well as extended support by phone LiveChat or email.

Moving to the online version of MYOB AccountRight is easy. Call your Partner Manager or **1300 555 117** and we'll convert your existing file(s) free of charge.
